

Craftex Product Specification Sheet

CARPET PROTECTOR

A high-quality, water based, fluorochemical with excellent water and oil repellent characteristics, designed for use on carpets, upholstery and fabrics that can be wet cleaned.

Contains Dupont Teflon®. Low in toxicity - does not affect rubber, bitumen or latex backings. Where water cannot be applied to a fibre, use Craftex Fabric Protector (0031) which is a solvent based protector.

PRECAUTIONS FOR USE

Always pretest for any colour or texture change before application. Do not allow product to freeze. Flush clean equipment after use. Avoid inhalation of spray: use suitable mask. Use commonsense precautions when handling chemicals. Avoid contact with skin. Wash chemicals from eyes and skin immediately with plenty of water, if ingested drink plenty of milk or water, seek medical advice. Keep all products out of reach of children.

DIRECTIONS

Carpet Protector is ready to use. Carpets must be thoroughly vacuumed and cleaned with Craftex Top Grade Powder (0008) using 'water extraction' method and then rinsed with Craftex Fibre Fresh Rinse (0029). Apply evenly through a sprayer at approx. 35-40psi. Allow an average coverage of 25-35 sq. metres per 5 litres of protector. Brush with pile brush and place furniture on foil protectors. Leave carpet to dry before use. Deep pile carpets will need two applications. Wipe overspray from other surfaces.

CLASSIFICATION

Aqueous solution of fluorochemicals. pH 5 to 6.

Size: 5L
Product Code: 0030
